- Hospital: Girard Pat Holt is hosting bomb training Ma at memorial auditorium Pittsburg, Is free and offers CE's. Neosho Memorial Becky Manahon KDHE risk management showed up for a survey. One finding stamp of confidentiality needs to be on all pages of an incident report. This surveyor was given SEK so she may pop up in other hospitals and they do not have to give an alert that they are coming. AVC-P Jamie Cravens- Switching to Mercy in August. It is going well and a promoss to grow our hospital. Coffeyville Regional medical center was deemed a critical access hospital. Not many changes just follow their regulations now. Neil Springer Labette Health has been seeing a lot of mental illness and violence in the ER and EMS. Becky Manahon said they are as well. They stood up a subcommittee for this issue.
- LTC: None

- Home Health/ Hospice: Jason- Staffing Improved
- EMS: None
- Emergency Management: Ed Bell is no longer with EM, Melanie Chanute hosting 300 class see email for updates, Rick reported Eoc Class mAy 9th check KS train for more information. Also airports AWR class in June. Is an 8 hours but KS train says it is 4 hours. The afternoon part will be worth staying. Cyber security is a very hot topic, Many issues in home health and hospitals. 18 cyber attacks a minute and typically take 2-3 weeks and 2 million dollars to resolve. Sometimes months long issues. Elderly in home health are a big target in our area. They are spoofing the home health numbers and calling patients. We had an email from Midwest City Oklahoma EM today with a cyber security concern. Many of us received it. DONT open links or attachments. Woodson County does not currently have an EM.
- Public Health-None
